UNIVERSITY DATES AND APPLICATION DEADLINES (2024-2025)

TERM NAME	START DATE	END DATE	NOMINATION	APPLICATION
Fall	9-SEP-2025	16-DEC-2025	15-MAR-2024	1-APR-2025
Winter	6-JAN-2026	22-APR-2026	15-AUG-2025	1-SEP-2025
Spring	11-MAY-2026	15-AUG-2026	15-DEC-2025	15-JAN-2026

Please note: due to the time-intensive logistics of the application processes for admissions, housing, visas & study permits, and the registration for courses, we will be firm on our application deadlines going forward. We request your support in timely submission of all documentation by the posted dates. (Some leniency will be allowed for Federal Government Scholarship Candidates, such as ELAP, SEED and Study in Canada recipients). Additionally, for consistency nomination and application dates will remain the same moving forward, but note that if a date above lands on a weekend, documents will be accepted the following Monday.

Note about Intensive English Program (IEP) Enrollment

If you or your student intend to meet the necessary minimum proficiency requirement for final admission to the Exchange Program through successful completion of the Intensive English Program (IEP) or Intensive English Bridge Program at Grenfell Campus (IEBP-G), please note the following:

- The IEP/IEBP-G application must be for the semester **BEFORE** the intended Exchange Program start. For example, if the plan is to come on exchange in winter semester (January start) after completing the IEP program, your nomination and application should adhere to the fall semester (September start) deadlines.
- All documents must be submitted in time for the IEP/IEBP-G deadline, not the Exchange Program deadline. Documents will be used to complete both program applications.

APPLICATION PROCESS

1. Nominate students via the nomination form found here <https://mun.ca/goabroad/visiting-students-inbound/#d.en.270078>
2. Once the nomination is received, the coordinator will provide the student with a follow up email that includes an exchange code for the online application process.
3. Additional documentation can be emailed directly to the appropriate coordinator at Memorial University.

Additional documents include:

- a. Official Transcript – (An original copy and an officially translated English copy where applicable)
- b. Course Selection Form
- c. Permission release form (information)
- d. Verification of English proficiency – full details can be found here:

<https://www.mun.ca/undergrad/admissions/i-want-to-apply/english-proficiency-tests/>

Please note: English requirements for **graduate business students** can be found here

<https://www.mun.ca/business/graduate/master-of-business-administration-mba/mba-admission-requirements/>.

A letter from the home institution affirming English proficiency is not accepted at this time.

QUOTAS

- The total number of nominees to **both** campuses (Grenfell Campus, Corner Brook & St. John's Campus) will usually not exceed 4 (four) exchange placements per year, with preference that students are distributed amongst our campuses (unless otherwise specified in the agreement).
- Where applicable, specific faculties may set a different quota as per their capacity requirements.
- Additional students are welcome as fees-paying visiting students ("Free-movers" or "Study Abroad") above the established quota and will be supported the same as those nominated for exchange.

COURSES AND REGISTRATION

- Home institution coordinators and students will select, sign, and submit preferred courses on the "Course Selection Form"
- Any changes made after submission of the form must be authorized by the home institution prior to registration
- Registration usually takes place about 4-6 weeks prior to the start of the semester
- Complete course descriptions can be found in our university calendar under the appropriate faculty or school: <http://www.mun.ca/regoff/calendar/>
- The recommended course load for an exchange student is between 3 and 4 courses (9-12 credits / 18-24 ECTS) per semester (for balance of academic and cultural experiences as part of the exchange).

- Course Module Access is dependent upon:
 - Classroom capacity
 - Meeting pre-requisites (for which your transcripts and in-progress course lists will be needed; sometimes detailed syllabi will be requested)
 - Meeting departmental approval (as mentioned **before**, some faculties and schools restrict or deny access to course modules for exchange and visiting students)
- Graduate students are recommended to take no more than 3 courses per semester due to the increase complexity and workload of graduate-level courses. If required, graduate students can enroll in relevant undergraduate courses to complement their studies.
- We may accommodate the maximum 5 courses (15 credits / 30 ECTS) if absolutely required
- Due to course mapping for our Bachelor’s programs, it is rare and difficult to accommodate 5 courses in one subject area. For this reason, it is recommended that students choose an array of courses from several relevant and applicable faculties, schools, and departments as determined in consultation with their academic coordinator at their home (sending) institution.
- Many of our courses contain laboratory components that may add an additional 3-hours per week into one’s class schedule. For this reason, it is not recommended to engage in more than 3 laboratory courses in any given semester.

- It is required that all international students studying at MUN enroll in the foreign health insurance through Memorial as a condition of registration. For more information please visit: <http://www.mun.ca/international/programming/healthinsurance/>
- Should exchange students want it, on-campus housing is guaranteed for St. John's campus. Grenfell students will be placed on a first come, first serve basis therefore housing is not necessarily guaranteed at Grenfell. Please note that on campus housing is not available during our spring (May-August) semester.
- As the St. John's Campus is in a residential area, there are off-campus accommodations relatively close to campus. We have coordinators to assist students in finding off-campus housing.

VISAS AND IMMIGRATION

If studying in a program longer than six months, then students are required to have a study permit and depending on their country of citizenship they will also need to obtain either a visa or an eTA. If the program is less than six months then students will be required to obtain either a visa or an eTA and may apply for study permit. For details please see the Immigration, Refugee and Citizenship Canada website: www.cic.gc.ca. Further details can be received by contacting our immigration advising team by emailing at immigrationadvising@mun.ca.
